Hampden, ME 04444-1428

Dear Ms. Lessard:

On behalf of the Commissioners of the Maine Municipal Bond Bank, I am pleased to provide you with the enclosed check for \$40,476.55, which represents your pro-rated portion of the savings the Bond Bank is providing as a result of its recent refunding issue. In the current fiscal environment, the Bond Bank was particularly proud of accomplishing the refunding at no cost to you and providing this benefit to you. Your total savings were derived as follows:

<u>Series</u>	<u>Original Principal</u>	<u>Total Savings</u>	<u>Provided By Check</u>	<u>Provided By Interest Credit</u>
1997 A	\$1,500,000.00	\$40,476.55	\$40,476.55	\$0.00

This money is available for you to use for any of your public purposes. The ongoing debt service payment on your bonds does not change. You should continue to make your current semi-annual debt service payments to US Bank in accordance with your current debt service schedule.

For over thirty years the Bond Bank has provided Maine's local governmental units with capital financing at a total cost as low as, and in most instances lower than, what is available elsewhere. We are proud that such a standard of consistent, cost effective financing continues to be available to Maine localities.

This refunding payment also gives the Bond Bank a chance to express its gratitude for your loyal support. Part of the Bank's success can be attributed to your continued use of our services through the years. I hope you will look to us for any possible future capital needs.

The staff at the Bond Bank is ready to assist you with any analysis of your capital requirements to help provide you the assurance that you have reviewed all of the available options as you analyze your capital needs. It is our goal however you decide to raise capital that you achieve the lowest total cost financing package available to you. Thank you again for allowing the Bond Bank to serve you.

Sincerely,

Robert O. Lenna

Re: CAD Case No. 2009-28365 - Hampden Water District - 0381

Dear Ms. Young:

On September 23, 2009, you contacted the Consumer Assistance Division (CAD) regarding a dispute with Hampden Water District (HWD). You stated that HWD threatened to disconnect your water service for failing to install a testable back flow device. HWD stated this device was required due to your seasonal swimming pool. You further stated that you have a standard residential back flow device and adding the testable back flow device, along with the annual testing required, would be costly. You asked the CAD for assistance.

Water utilities over certain size are required by the Drinking Water Program to have a Cross Connection Control Program (CCCP). HWD falls into this category. HWD also has cross connection terms outlined in its Terms and Conditions which are approved by the Commission. Its CCCP states that any pool that is over 300 gallons requires a testable back flow device. This type of device is not the same as the standard residential back flow device that you already have in place. HWD's CCCP also states that if a customer does not install the testable back flow device as required that it will proceed with disconnection as allowed by the Commission's rules. The Commission's rules state that a utility can begin disconnection procedures without the consent of the customer if the occupant violates an approved tariff provision concerning the integrity of the utility delivery system.

After reviewing the facts presented in this case, it is my decision that HWD is acting in accordance with its CCCP, its Terms and Conditions and the Commission's rules by requiring a testable back flow device and subsequently proceeding with disconnection procedures for failure to install it.

Both the customer and the utility have the right to appeal this decision. Appeal requests must be made in writing to the Administrative Director, Public Utilities Commission, 18 State House Station, Augusta, ME 04333-0018, within 5 business days of the date of this decision letter. The written appeal must state the specific reasons why the CAD decision should be overturned.

Upon receipt of an appeal, the Commission will review the file. If the Commission decides that the CAD decision is correct, the Commission will issue a letter or order denying the appeal. If it decides the CAD decision was incorrect, the Commission will investigate the

CAD decision further. Until the Commission issues its decision, the utility may not disconnect service for a disputed amount unless it asks the Commission in writing for permission to disconnect service. However, the customer must pay the undisputed portion and continue to pay undisputed amounts while an appeal is reviewed.

Please call me at (800) 452-4699 if you have any questions. If you reach my voice mail, please leave your name, the CAD Case Number shown above, and the reason for your call. RE: Update on Closure of Pine Tree Landfill

On December 31, 2009, Pine Tree Landfill ceased accepting waste deliveries. While the landfill itself is officially closed, the public & small contractor demolition material drop-off location (commonly referred to as Area-C) will remain open as a transfer station. Debris accumulated at the transfer station will be disposed of at Juniper Ridge Landfill in Old Town on a regular basis. The operating hours at the transfer station will be as follows:

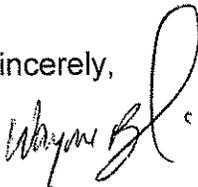

Monday – Friday	7:30 AM to 4:30 PM
Saturday	7:30 AM to 12:30 PM
Sunday	Closed

Over the next several months, construction activities associated with final closure at the landfill will include drilling of landfill gas wells and associated gas collection piping, shaping and grading of the final waste side slopes, then placement of the various levels of the final cover system. The initial drilling of landfill gas wells is currently underway.

While every effort is and will continue to be made to control offsite odor during the final capping process, some of the construction procedures, such as gas well drilling and trenching for the gas line installation, and soft layer placement may generate periodic fugitive odors dependent upon weather conditions at the time.

We appreciate your patience during this final phase at Pine Tree Landfill and encourage you to call our 24-hour complaint line at 862-5427 to report any issues relating to the landfill.

Sincerely,

Wayne Boyd
Division Manager

Dear Councilors,

Best wishes to you from all of us at the Pine Tree Chapter of the American Red Cross for a happy and safe new year. Thank you for your generous December 2009 municipal gift of \$1,580. The Pine Tree Chapter will use your donation to provide emergency help to eastern and northern Maine's families, children and adults whenever disaster strikes.

Your contribution helps people who live in Hampden – your community.

Your donation could not have come at a more important time. There has been an extraordinary increase in local disasters this year. The Chapter has responded to more than 200 local disasters since last year at this time, helping more than 500 Mainers after house fires, apartment fires, floods, and damaging storms. These are the highest numbers in Chapter history. With many people using wood stoves and space heaters in the cold weather, sometimes there are now five local house fires every week that require an immediate Red Cross response.

All Red Cross disaster help is an outright gift, provided free to victims. And because the Pine Tree Chapter is always ready to provide a safety net for children, families, and adults facing an emergency, the Local Disaster Relief Fund is nearly depleted. *Your gift is being used right now.*

Thanks to you, the Pine Tree Chapter will touch the lives of Mainers who live in the Chapter's seven counties. Thanks to you, the Chapter will carry out its Red Cross mission to help people prepare for and respond to emergencies. *Local Disaster Response Services* will provide food, clothing and shelter to hundreds of people facing a personal disaster. *Services to the Armed Forces* will help keep hundreds of military families in touch with each other during family emergencies. *Health and Safety Education* in CPR, first aid, water safety and other programs will train more than 10,000 Mainers.

Thank you again for your valuable contribution and for your commitment to the work of the American Red Cross.

Sincerely,

Michael Sirota, Development Director

This letter is the tax receipt for your gift. The American Red Cross is a tax-exempt, nonprofit organization as described in section 501(c) (3) of the IRS Code. Its tax identification number is 53-0196605. Because the American Red Cross provided no goods or services to you in exchange for this contribution, your gift is tax-deductible to the extent allowed by law. Your gift may be recognized in future Red Cross publications. If you prefer your gift to remain anonymous, have questions about how your gift is used, or wish to learn more about services that the Red Cross is committed to providing, please call (207) 941-2903.

Luxa Hot Pool
Board Meeting Minutes ~ 12/8/09

A-4-e

Dan Brooks brought the meeting to order at 7:03 pm.

Those present: Dan Brooks, Karen Brooks, Mary Ellen Conner, Jim Feverston, Cedena McAvoy, Norm Stern, Whitey Miller, Greg Hawkins, John Weinmann, Darcey Peakall, and Julie Macleod.

Darcey introduced the new members of the board. Greg Hawkins and John Weinmann were present and Pat Foley was unable to attend this meeting but will attend in January.

The secretary's minutes were accepted as presented.

The Director's Report:

- ~ The number of participants in November was up 42 people and daily receipts were up \$2,314 compared to last year.
- ~ The pool rental income was down \$393 compared to last year. There were a few rentals spots that didn't book or canceled.
- ~ The monthly fuel usage went down by 590 gallons.
- ~ Session I swim lessons were up 25 participants and up \$873 compared to last year.

Norm made a \$1,000 donation to the board from the Stern Foundation. The money will be used to purchase new chairs for the lounge.

The treasurer's report was accepted as presented.

Dan Brooks, current chairman and board member for the past 12 years will not be renewing his position when it expires at the end of his term. He is proud to have served and is happy with the current direction the board is going in. He will continue to be available if questions arise. Cedena will take over as chairman as stated in the by-laws and the board will have to vote at the next meeting for a co-chairman.

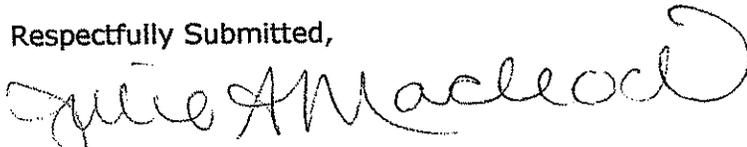

Items for January's agenda:

- * Discuss the endowment (transfer or choose alternative funds)
- * How the endowment funds are distributed
- * Norm is going to invite a fundraising speaker for January and/or February
- * Vote for a new co-chairman for the pool board

Since this was Whitey's last board meeting, the board members presented him with a card and cake.

Meeting adjourned at 7:55pm.

Respectfully Submitted,

Julie A. Macleod

TO: Hampden Town Council
FROM: Debbie Lozito, Library Director
DATE: December 28, 2009
RE: Proposed Amendments to Fees Ordinance re Library Fees

I am proposing the following amendments to the Town of Hampden Fees Ordinance relative to Library fees:

7.1.2. Non-Resident Annual Fee—this fee has not changed since it was instituted in September of 1989. Hampden residents pay a bit more than \$30.00 per capita for Library service. Non-Residents who have used the Library since institution of the fee know that it has not increased in all that time; people moving here from other states are often surprised that the fee is only \$20.00. 140 non-resident cards are active—meaning those cards have been paid for and items have been checked out on those cards.

Overdue fines—I propose fines for all library materials should be the same amount—10¢ per day. Fines on audio and video materials originally were higher than that of books because of the difference in cost of those items. While audio costs remain higher, video and DVD's cost less than books now.

TO: Mayor Arnett and Hampden Town Council
FROM: Robert Osborne, Town Planner
SUBJECT: Public Ways Ordinance
DATE: January 13, 2009

At the December 2, 2009 Council Planning and Development Committee meeting the committee voted five in favor and none against to return the attached Public Ways Ordinance text amendment language to the Council for public hearing. (This is a companion piece to the amendments to the Zoning Ordinance Article 5 Permits section that the Planning Board is currently considering).

Town Attorney Tom Russell has reviewed this document had the following comments which were incorporated into the draft that the committee recommended:

Proposed Amendments to Public Ways Ordinance

The proposed amendments to Section 1.2 of the Ordinance are consistent with the Town Way Acceptance Protocol I developed for the Town some time ago. As part of the Town Attorney approval process under Section 1.2.1.6, I recommend that the developer be required to submit the items called for in Section 7(A)-(E) of the Protocol, as those items are really necessary for my review of the proposed acceptance of a town way. If those items are not provided by the developer, it will result in additional legal expense to the Town.

Generally the purpose of these amendments is to shift the regulation for acceptance of streets from the Zoning Ordinance to the Public Ways Ordinance where it belongs. You will note that one of the proposed changes to the Public Ways Ordinance is to change the name to "Town Ways Ordinance". Attorney Russell determined that town ways is the term that is used in a number of state laws. This language also formalizes the process that the Town Attorney must conduct in order to determine that the street acceptance is ready for Town Council action.

The prohibition of such devices and methods is necessary to protect the health, safety and public welfare.

4.2 Prohibition. No person may slow a vehicle by a device, method, or practice known as engine or transmission braking (a/k/a "engine braking" or "dynamic braking") whereby rapid downshifting of a vehicle's engine or a compression release device is used in lieu of applying a vehicle's wheel brakes, causing loud noises to emit from the vehicle's engine and/or exhaust system. Such braking by any motor vehicle on any public highway, street, or parking lot within the Town of Hampden is declared to be a public nuisance and is prohibited.

4.3 Enforcement. When any violation of any prohibition imposed under this Article is found to exist, any police officer of the Town of Hampden, or any law enforcement officer authorized to enforce traffic violations in the Town of Hampden, is hereby authorized to institute any and all actions and proceedings in the name of the Town of Hampden, either legal or equitable, that may be appropriate or necessary to enforce the provisions of this Article.

4.4 Civil Penalties. Whoever violates this Article shall, upon conviction therefor, be liable for a civil penalty in the amount of \$100.00 for the first offense and \$200.00 for each subsequent offense. Each and every violation shall constitute a separate offense. All civil penalties shall inure to the benefit of the Town of Hampden.

4.5 Emergency Vehicles. The provisions of this Article do not apply to emergency vehicles.

TO: Mayor Arnett and Hampden Town Council
FROM: Robert Osborne, Town Planner
SUBJECT: Draft Zoning Ordinance Text Amendment
Definition of Usual Pets
DATE: January 13, 2009

At the December 2, 2009 Council Planning and Development Committee meeting the committee voted four in favor and none against with one abstention to return the attached Zoning Ordinance text amendment language to the Council for referral to Planning Board for public hearing.

Town Attorney Tom Russell has reviewed this document had the following comments which were incorporated into the draft that the committee recommended:

“Animal” Definitions

For the sake of clarity and consistency, I recommend that the fourth sentence of the “other than household pets” definition be modified to read as follows:

“Such animals would also include six to 15 hen chickens, pigeons and game hens, but not roosters”,

and that the end of the third sentence in the “usual household pets” definition be modified to read as follows:

“. . . such as pigs and goats (but not ponies), hen chickens, pigeons and game hens, but not roosters.”

The Zoning Ordinance as a Conditional Use regulates “animals other than usual pets”. The Zoning Ordinance is silent on usual pets providing no definition of either the “usual” or the “other than usual”. The term pet suggests that the animal is tame and treated with affection.

The Zoning Ordinance sets out “animals other than usual pets” as a Conditional Uses because of the specific needs of certain barnyard animals for grazing and because of their waste byproducts. Birds generally and hens specifically, in limited quantities, are quite benign presenting very little threat or nuisance to surrounding properties.

This proposed text amendment grew out of both a request for hens in a residential district and the concern that the terms contained in the ordinance are not defined and give neither the Code Enforcement Officer or citizens any guidance. (We are not recommending consideration of an animal husbandry ordinance).
