Re: Proposed Retail Store Located at 674 Main Road North

Dear Mr. Skolnick,

The Hampden Water District has the capacity to serve the proposed retail facility located at 674 Main Road North with the proposed consumption of 50-100 gallons per day.

This property may need a service line installed from the water main to the facility. If so, the District would need to obtain a Road Opening Permit from the Maine Department of Transportation.

Please contact us to further this process along as soon as you can.

We look forward to working with you on this project.

Sincerely,
