

Town of Hampden
Planning Board Workshop
Wednesday, June 22, 2022, 6:30 PM
Municipal Building Council Chambers
Minutes

In Attendance:

Planning Board

Richard Tinsman, Chair
Jennifer Austin, Vice-Chair
Benjamin Dunham
Brent Wells
Amanda Day

Staff

Clifton J. Iler, Town Planner

Public

Phil Ruck, Stillwater Environmental Engineering

Vice-Chair Austin called the meeting to order at 6:30 p.m. and verified that all attendees in-person and virtual could hear and see each other.

1. Stormwater/Plan Review Workshop with Stillwater Environmental Engineering

Phil Ruck of Stillwater Environmental Engineering provided an overview and brief presentation of the MS4 District in the Town of Hampden. He then led a plan review workshop and answered questions from the Planning Board as it pertained to reading site plans and stormwater management plans.

2. National Planning Conference 2022 Update

Town Planner Iler shared some highlights from the National Planning Conference in San Diego, CA. The major themes of the conference included addressing affordable housing and equity, climate change, transportation, and public engagement needed within communities. The purpose of the presentation was to reiterate the responsibilities of Town staff and the Planning Board as it reviews and approves projects – including the questions to consider about impacts on communities and quality of life.

3. Light Individual Transportation

Town Planner Iler informed the Planning Board that this item was relevant to a previous request for a Memorandum of Understanding with the electric micro-mobility company, Bird. However, since the original presentation in May 2022, the Town Council decided not to proceed with an MOU.

4. Adjournment

It was the consensus by the board member to adjourn the meeting at 7:56 p.m.

Respectfully submitted by Clifton J. Iler,
Town Planner
