The standards and requirements contained in this section and in the U.S. Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings (the most current edition) as the same may be amended from time to time, shall be used in review of applications for Certificates of Appropriateness and specifically as to procedures before demolition can take place. Design considerations and structural factors related to maintaining historic structures in good conditions shall be the Planning Board's primary areas of focus. (*Amended 7-2-90*)

10.1. Demolition Or Removal. - A historic landmark, or any building or structure in a historic district, or any appurtenance thereto, shall not be demolished or moved and a Certificate of Appropriateness shall not be approved until either (a) in a historic district such building or structure has been identified by the Planning Board as incompatible with the historic district in which it is located, or (b) the property owner can demonstrate that it is not capable of earning an economic return on its value in its present location as appraised by a qualified real estate appraiser. If such a demonstration can be made, issuance of a Certificate for movement or demolition shall be delayed for a period of 180 days. Such time period shall commence when an application for a Certificate and the Statement of Sale, as outlined below, have been filed with the Planning Board.

Notices shall be posted on the premises of the building or structure proposed for demolition in a location clearly visible from the street. In addition, notice shall be published in a newspaper of general local circulation at least three (3) times prior to demolition, the final notice of which shall be not less than fifteen (15) days prior to the date of the permit, and the first notice of which shall be published no more than fifteen (15) days after the application for a permit to demolish is filed.

Prior to the issuance of such Certificate for removal, the owners shall stipulate that the proper notices as required have been posted, that the property was properly offered for sale, that there have been no bona fide offers made, and that no contract for sale has been executed with interested parties. The owner shall for the period of time set forth and at a price reasonably related to its fair market value, make a bona fide offer to sell such building or structure, and the land pertaining thereto, to any person, firm, corporation, government or agency thereof, or political subdivision or agency thereof, which gives reasonable assurance that it is willing to preserve and restore the building or structure and the land pertaining thereto.

Prior to making such offer to sell, an owner shall first file a statement with the Hampden Planning Board, identifying the property, the offering price and the date the offer to sell shall begin. The time period set forth in this Section shall not commence until such statement has been filed.

The purpose of this Section is to further the purposes of this Ordinance by preserving historic buildings which are important to the education, culture, traditions, and the economic value of the Town, and to afford the Town, interested persons, historical societies or organizations the opportunities to acquire or to arrange for the preservation of such buildings. The Planning Board may at any time during such stay approve a Certificate of Appropriateness in which event a permit shall be issued without further delay.

10.4.2. Proportion of Building's Front Facade. The relationship of the width of the building to the height of the front elevation shall be visually compatible with buildings, structures, and open spaces where it is visually related.

10.4.3. Proportion of Opening within the Facade. The relationship of the width of the windows to height of windows and doors in a building shall be visually compatible with those of windows and doors of buildings to which the building is visually related.

10.4.8. Roof Shapes. The roof shape of a building shall be visually compatible with that of the buildings to which it is visually related.

10.5.4. Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, or site and its environment. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities. Repair or replacement of missing architectural features should be based on accurate duplications of features, substantiated by historic, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures. *(Amended: 7-2-90)*

10.5.7. The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage the historic building materials shall not be undertaken. *(Amended: 7-2-90)*

and such design is compatible with the size, scale, color, material, and character of the property, neighborhood or environment. *(Amended: 7-2-90)*

10.5.10. Wherever possible, new additions or alterations to structures shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the structure would be unimpaired. *(Amended: 7-2-90)*

The Board of Appeals shall hear the appeal at a public hearing, and shall affirm, modify or reverse the Planning Board's decision within thirty (30) days of said hearing, or the appeal shall be deemed denied. The Board of Appeals shall conduct an appellate review of the Planning Board's ruling. 12.2.1. The property in question cannot yield a reasonable return unless a variance is granted;

12.2.2. The need for a variance is due to the unique circumstances of the property and not the general conditions of the neighborhood or historic district; and

Any vote to grant a variance shall require a vote in favor thereof of at least four (4) members of the Board.

12.3. Economic Appeals. - An economic appeal may be taken to the Board of Appeals by any person or party claiming that the strict application of the Ordinance to their property creates an unreasonable economic or financial burden. Such an appeal shall not be taken until the person or party has exhausted all other applicable remedies before the Planning Board or the Board of Appeals. After a public hearing, the Board may grant a waiver from the strict application of the Ordinance if it finds that:

12.3.1. The cost of compliance is unreasonable and unduly burdensome in light of the financial capability of the applicant or the cost of compliance far outweighs any increase in the fair market value of the property that would arise from the required improvements (as demonstrated by a professional appraisal);

12.3.2. The alleged burden includes substantially more than inconvenience or inability to attain a higher financial return;

12.3.3. The waiver will not adversely affect the objectives of this Ordinance, nor alter the essential character of the neighborhood or historic district; and

12.3.4. The waiver will not have an undue adverse effect on the property values of adjoining property owners who have complied with the Ordinance.

Any vote to grant a waiver shall require a vote in favor thereof of at least four (4) members of the Board.
